PROFESSIONAL EXPERIENCE

Meteorologist

December 2014 to May 2018

WSLS-TV, Roanoke, Virginia

Meteorologist for weekend evening newscasts and three times a week for 7pm weeknight newscasts. Video forecasts for website and weather app. Radio weather reports for station partners. Maintain and create weather graphics. Live shots from field during flooding, snow, and ice events. Leader of graphic design and redesign.

Meteorologist

May 2011 to December 2014

WHAG-TV, Hagerstown, Maryland

Produced, created the Accuweather graphics, and broadcasted for the weeknight weathercasts. Covered Hurricane Sandy, numerous major snowstorms, tornado warnings, and floods. Live shots during Hurricane Sandy and snowstorms. Redesigned weather graphics during HD transition. Visited local schools to provide weather education.

Meteorologist

May 2010 to May 2011

WMDT-TV, Salisbury, Maryland

Weekend and weekday fill-in meteorologist. Produced forecasts for 6, 10, and 11pm newscasts and webcasts. Covered a major snowstorm and severe weather on the Eastern Shore.

Weather Producer

May 2010 to May 2011

WJLA-TV, Washington, D.C.

Weather producer for the Senior and Chief Meteorologists. Prepared graphics and forecasted 11pm newscast. Used Barons radar and WeatherBug software.
